LOGISTIC DATA

Minimum Quantity	Pcs. 01
Packed Dimension (mm)	480x320x290

NOTES

NANOPACK SYSTEM:

It allows to store the product with just 45 cm in height thanks to:

- **3 tube:** telescopic tube made up of 3 sections; maximum flexibility in use and extremely easy to store , thanks to its adjustable lengths from 44 to 82 cm
- **Compact Park:** accessory holder on board of 3 tube allows to store 2 in 1 and hose end handle with minimum space required

CYCLONIC HEPA TECHNOLOGY:

- Easy and hygienic emptying
- Washable Hepa filter

HIGH SUCTION POWER: 180 AIRWATTS

GREAT MANOEUVRABILITY THANKS TO ITS 360° ROTATING CASTOR WHEELS

2IN1 TOOL:

- Crevice tool
- Dusting brushes

FURNITURE NOZZLE

WASHABLE EXHAUST FILTER
